More bounce in '67

Annual Giving Sets Record of \$113,575

Presbyterian College's nationally cited Annual Giving program turned in another record performance with \$135,575 raised in 1967.

Swinging 20 percent above its previous year's total of \$113,813, the program topped its 1967 goal of \$125,000 as 1,465 alumni, friends and non-alumni parents joined in support.

Just last summer the alumni phase of the program was awarded a first-place national award for improvement in a joint presentation by the United States Steel Foundation and the American Alumni Council.

Now the alumni have done even better in providing \$63,019 of the 1967 total. Thirty percent of the alumni contributed 1,004 individual gifts. Friends also increased their support as 343 gave \$58,923, and 118 parents added \$13,633 for a new high in this bracket.

Among the major objectives of the Annual Giving program, the Walter Johnson Club share amounted to \$35,350. While the largest portion of the funds was given for unrestricted use, other objectives drawing support included academic scholarships, Whitelaw grants, faculty salary increases and departmental improvements.

President Marc C. Weersing has pointed out that the Annual Giving program is a vital source of funds for the current operation of Presbyterian College. It produces more each year than the income from endowment. The program is under the direction of the PC Alumni Association, headed this past year by President Sam Cornwell of Charlotte and President-Elect Furman B. Pinson, Jr., of Greensboro, N. C., who also served as drive chairman.

EPIC Campaign

The Synod of Georgia's EPIC campaign, to raise funds for Presbyterian College and other agencies, now has subscriptions totaling \$1,349,025. As the drive continues under direction of the Rev. Al Jepson, \$2,650,975 more is needed to meet the goal.

PC's share of the subscription to date amounts to \$371,224 toward the designated objective of \$1½ million. A restricted effort among special friends has been authorized to help close the gap.

Synods Men's Convocation To Dedicate Georgia Hall

Georgia Hall will be dedicated as one of the highlights of the Presbyterian Men's Convocation scheduled for the PC campus on March 8-9.

Some 200 ministers and church officers are expected for this weekend program sponsored jointly by the College and the Men's Council of both the Georgia and South Carolina Synods.

Among the leading participants: Dr. Ben Lacy Rose, professor at Union Theological Seminary in Virginia; Dr. C. Ralston Smith, director of development for **Christianity Today**; Paul Hudson, men's work division of the Presbyterian Church US Board of Christian Education; and Dr. David Moorefield of the PC faculty.

The convocation is designed to assist church officers to carry out more effectively the worship and work of the congregation. Platform presentations and discussion groups will be developed around the theme of Dr. Rose's book **Confirming Your Call in Church, Home and Vocation**.

Campus visitors will be accommodated in Georgia Hall and other dormitories during the absence of the student body on spring vacation. The formal dedication of Georgia Hall is set for 12 noon Saturday, led by the Rev. William Adams of Athens, Georgia Synod moderator, and Hugh S. Jacobs of Clinton, the moderator for South Carolina.

Brand-new Georgia Hall, a \$1.25 million structure named for the Georgia Synod, went into operation with the start of the second semester in January. The four-story air-conditioned facility accommodates 252 men.

Summary of PC Development Program, 1962-67

	Amount Subscribed	Payments to Date	Objectives Achieved	
1962 Campaign			Endowment Additions	\$ 922,425
South Carolina Synod	\$1,928,278	\$1,721,236	Campus Land Payments	
Latter Drives:			120 Additional Acres	165,000
Clinton, S. C.	201,205	} \$1,071,576	Smyth Dormitory Renovation	135,000
Greenville, S. C.	269,471		Neville Hall Renovation	375,000
Georgia EPIC Campaign	371,224		Campus Improvements	150,000
General	724,356		Four New Buildings	3,150,000
	<u>\$1,566,256</u>		Science Hall	
Government Grant	\$ 326,522	\$ 310,000	Women's Dormitory	
Challenge Grant,			Dining Hall	
Anonymous Foundation	\$ 150,000	\$ 100,000	Men's Dormitory	
Self-Amortizing				
Dormitory Loan	<u>\$1,070,000</u>	<u>\$1,070,000</u>		
TOTALS	\$5,041,056	\$4,272,812		<u>\$4,897,425</u>

New Alumni Officers Begin Duties for PC

With Furman B. Pinson, Jr. '33 of Greensboro, N. C., moving up from president-elect to succeed Sam Cornwell '55 of Charlotte as head of the PC Alumni Association for 1968, newly elected officers joined the alumni board to help plan the year ahead.

They were selected in last fall's mail-ballot elections which also tapped Dr. J. Newton Gaston '29, Chester, S. C., physician, as an alumni representative to the board of trustees.

William C. McSween '39 of Greenville, S. C., assistant vice-president of the Canal Insurance Co., was chosen president-elect of the alumni association. The Rev. Frank Harrington '57, pastor of the North Augusta (SC) Fairview Presbyterian Church, was elected vice-president; and F. Marion Frazier '47 of

Winnsboro, S. C., president of the Frazier Pulpwood Co., secretary-treasurer.

The new alumni directors are:

South Carolina—J. F. Jacobs, Jr. '50 of Clinton, vice-president of Jacobs List; Edward Timmerman '50 of Greenville, vice-president of Peoples National Bank, Richard Infinger '55 of Charleston, vice-president of Infinger Transportation Service; and J. Hugh McCutchen '41 of Kingstree, president of the Williamsburg Livestock Co. and county supervisor.

Georgia—William T. Ozmint '51 of Atlanta, eastern regional sales manager for Rexall Drug Co.; and David R. Vaughan '53 of Decatur, executive vice-president of Financial Service Corp.

North Carolina—Albert F. (Pete) Sloan '55 of Charlotte, vice-president of Lance, Inc.

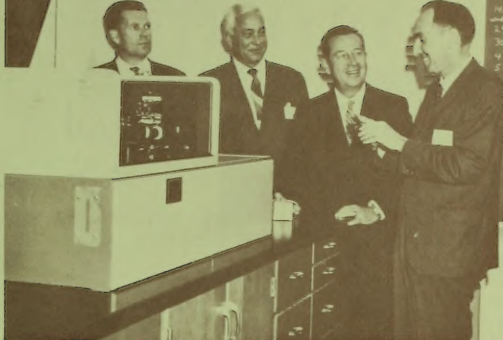

The current alumni president, Furman Pinson serves as a vice-president of J. P. Stevens Co., while Past-President Cornwell is a top-selling insurance underwriter.

On development front . . .

General Electric officials receive a demonstration of the recording spectrophotometer, left to right: A. B. Windham of Greenville, S. C.; A. L. Moore of Nashville; Thomas K. Edenfield of Atlanta, regional vice-president; and Dr. K. Nolon Carter, chemistry department chairman. In the picture at right, Dr. Carter demonstrates the new GE Tri-Pack Video Tape Recording System with the assistance of sophomore Charlotte Armstrong of Smithfield, N. C., and Assistant Professor Randy Huff.

General Electric Grants Provide Science Equipment

Grants by the General Electric Foundation have provided two valuable pieces of equipment for the PC chemistry department.

A \$21,000 recording spectrophotometer is now in operation by students after the foundation provided a \$15,000 grant and then gave a \$3,000 educational discount toward the purchase of this GE instrument. It measures automatically the quantity of light reflected from or transmitted by a sample as the wave length is varied through the visible range. The largest of several spectrophotometers now used in the PC laboratories, this particular model has the advantages of accuracy, versatility and rapidity in running a complete spectrum in 54 seconds.

A touch of show business came with the second piece of equipment, a General Electric Tri-Pack Video Tape Recording System. The complete closed circuit system includes television camera, video tape recorder and monitor. It provides for use of the camera directly connected to the monitor or for tape recording picture and sound for future use.

Esso: \$2,500

A \$2,500 unrestricted grant from the Esso Education Foundation was awarded PC recently as part of that organization's 1967-68 program.

Foundation Chairman M. L. Haider said: "It is paramount that the Esso Foundation continue to study the changing needs of higher education and strive to adjust the emphasis of its grant programs to achieve the most meaningful results. The increased attention we are giving to the areas which will accelerate the progress of education is one manifestation of the change."

Texaco: \$1,500

Another \$1,500 gift from Texaco came to Presbyterian through the latest edition of that company's program for providing financial assistance to higher education.

This grant marked the fifth year of unrestricted contributions to PC by Texaco. As in past years, the check was delivered personally to President Weersing by F. A. Baumann, Jr., of Columbia, S. C., district sales manager for Texaco.

Memorial Gifts

Gifts to Presbyterian College serve as fitting memorials to deceased loved ones. Recent memorials are listed below, along with the names of persons sending the gifts.

MRS. GEORGE C. BELLINGRATH
Dr. and Mrs. Alva M. Gregg, Franklin, La.
DOYLE BOGGS
Mrs. T. E. McAlpine, Hartsville, S. C.
LOUIE BRYANT
Mrs. A. L. Bryant, Society Hill, S. C.
CLIFFORD G. BURRISS, JR.
Mr. and Mrs. Walter S. Moore, Walhalla, S. C.
PETER CARODEMAZ
Mr. and Mrs. Walter S. Moore, Walhalla, S. C.
FRANKLIN J. CLARK
Mr. and Mrs. Walter S. Moore, Walhalla, S. C.
MRS. J. W. COPELAND, SR.
L. B. Pope, High Point, N. C.
MORGAN JONES CRAIG
Susan H. Craig, Chester, S. C.
JACK EMERSON
Mr. and Mrs. Walter S. Moore, Walhalla, S. C.
MRS. ALLEN J. GRAHAM, JR.
Mr. and Mrs. Walter S. Moore, Walhalla, S. C.
JOHN C. HENRY
Mrs. John T. Young, Clinton, S. C.
WILLIAM L. HOLLAND
Rev. and Mrs. John B. Bittering, Jacksonville, Fla.
GEORGE HOLLIDAY
Mr. and Mrs. Walter S. Moore, Walhalla, S. C.
J. B. KENNEDY
Mrs. Lawrence Young, Clinton, S. C.
R. H. MCGEE
Mr. and Mrs. Marion Milam, Clinton, S. C.
MRS. LUCIA NIMMONS McMAHAN
Mr. and Mrs. Walter S. Moore, Walhalla, S. C.
J. V. MARTIN
Mrs. J. V. Martin, Dillon, S. C.
ELIZABETH NOLAN
Edward F. Nolan, Columbia, S. C.

Mr. and Mrs. Henry C. Berry, Rome, Ga.
MR. AND MRS. ROSS D. YOUNG
Mr. and Mrs. L. B. Massey, Clemson, S. C.

PC Offers Expanded 1968 Summer School

Presbyterian College in 1968 will offer its most extensive summer school yet operated, including graduate courses given through a cooperative program with Clemson University.

Special courses will be available to teachers seeking to qualify for teaching certificates and for re-certification. There are seven such courses scheduled, three of which offer graduate credit with a total of nine hours toward a master's degree.

Summer school is divided into two terms—the first to run from June 3 to July 4 and the second from July 8 to August 9. Students may attend either or both sessions and receive a maximum of six hours' credit for each session (seven hours if a laboratory science is taken). There will be three two-hour periods daily for five days a week following this schedule: first period—8 a.m. to 10 a.m.; second period—10:30 a.m. to 12:30 p.m.; third period—1:30 p.m. to 3:30 p.m.

Dr. W. Fred Chapman, Jr., professor of economics and business administration who serves as director of the 1968 summer school, has announced that 42 courses will be offered in these 14 departments: Art, biology, economics, education, English, history, mathematics, philosophy, physical education, politi-

cal science, psychology, religion, sociology, and Spanish.

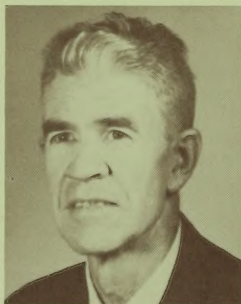

The three courses to be taught for graduate credit are: "Organization and Supervision of Reading Programs," taught by Dr. Dorothy P. Brandt; "Advanced Methods in Teaching," taught by Dr. George M. McGuire; and "Educational Tests and Measurements," taught by Dr. Jack Pressau. Professors of PC and Clemson are consulting in the standardization of textbooks, curriculum materials, examinations and other course requirements. This initial step in graduate course work—represents another step in PC's effort to expand its summer school offerings as a service to students and the community.

Dr. Chapman pointed out that high school graduates may expedite their college education by beginning their freshman year at the summer session. It could lead toward graduation in three years or prove helpful in getting off to a good start in college and keeping in line with military draft regulations.

All facilities used in the 1968 summer school will be air-conditioned, including classrooms and laboratories, the dining hall, and new Georgia Hall dormitory. Recreation spots include the tennis courts, swimming pool and nearby golf course.
